On Thursday, November 22, 1963, the American Nazi Pary smashed one of the most deadly attacks yet made by the enemy. An honest Virginia judge threw out of court the only evidence against us in the charge that we have been trying to start up a "war" against the Negro people. Roy James and I are no longer facing the frightful expense--and undeniable worry--of a 5-10 year sentence in the penitentiary. This case in Emporia has drained the Party of about $5,000. It will drain no more.

## Virginia County Drops Charges Against 3 Nazis

EMPORIA, Va., Nov. 22 (AP).—Charges against three members of the American Nazi Party of inciting whites against Negroes have been dropped.

The case against George Lincoln Rockwell, Roy James, 25, and James Wiley, 21, all of Arlington, had been set for Monday in Greensville County Circuit Court here. The charges were not prosecuted yesterday in a pre-trial conference between Commonwealth's Attorney Harold L. Townsend and the trio's court-appointed attorneys.

The three were indicted on October 1 on a charge of inciting the white population to war and violence against the Negro population. Mr. Townsend said he could have proved "that Rockwell had advocated violence," but not war.

Mr. Townsend said that, because the charges were not prosecuted, it will be possible to call for a new indictment if he can later prove Rockwell had advocated war. The Commonwealth's Attorney based his evidence on a pamphlet James and Wiley distributed here for Rockwell last July 19.

Rockwell and James have been at liberty on bonds of $1,500 and $1,000, respectively.

THE EVENING STAR
*Washington, D. C.,*
*Friday, November 22, 1963*

(For those who scoff at my belief that we are aided by an Unknown Power, I would point out that we beat this deadly attack JUST 24 HOURS BEFORE THE PRESIDENT WAS SHOT!)

Had we been forced to face a jury at the very time of the national hysteria over Kennedy's assassination, the chances that the prosecutor could have made emotional "scape-goats" of us are thoroughly frightening. This is another one of the "lucky accidents" which I have come almost to expect from an Inscrutable Providence Which has amply proved to me that White Christian America will not be permitted to perish.

THE ROAD AHEAD IS CLEAR! My highly trained and dedicated young fighters for the American Republic and the White Race are "champing at the bit". Last week, even as I fought desperately in Emporia (with no money for attorneys) we attacked on many fronts.

In New York, our brave men invaded a Communist Party meeting celebrating the 30th anniversary of the recognition of the Soviet Union, at Carnegie Hall. Although it wasn't reported in the press, we humbled and blasted the assembled Reds when G/L Alex De Fields, waving a Nazi flag, jumped up and told these Red traitors that we would sooner or later gas them as they deserved. Meanwhile, out front, more of our men in full uniform, picketed with the strongest possible signs and dragged a Bolshevik flag in the streets. Many passers-by stopped to spit on it and walk on it--and cheer our brave picket line, led by George Lincke.

## Nazi Pickets in Clash at U. S.-Soviet Friendship Rally

NEW YORK POST THURS NOVEMBER 21, 1963

Four Nazis last night clashed with angry bystanders as they picketed a rally honoring the 30th anniversary of Soviet American diplomatic relations.

The outburst outside Carnegie Hall, where the National Council of American-Soviet friendship sponsored the rally. The meeting also marked the 46th anniversary of the founding of the USSR.

As 10 policemen stood guard, four American Nazi pickets paraded outside the packed hall carrying such signs as "Communism Is Jewish," "85 Per Cent of Convicted Spies Have Been Racial Jews," "Death to Red Traitors." Ten members of Hungarian anti-Communist organizations also demonstrated.

After picketing for an hour, the four Nazis, wearing khaki shirts, red, white and black swastika armbands, khaki hats and Sam Browne belts, started getting into a taxi.

Some in the crowd of 30 or 40 bystanders began surging toward the Nazi quartet. Several began rushing the cab. As one was about to jump on a Nazi, a policeman stopped him.

Soviet officials attending the rally included U. S. Ambassador Antoly F. Dobrynin.

At about the same time, I was up in Boston announcing my candidacy in the New Hampshire presidential primary. When Jews, especially the ADL, brought un-American pressure on Radio-TV WBZ to cancel a scheduled interview with me, Lt. Schuyler Ferris led a picket line at ADL headquarters and once again humbled and blasted the rotten Jews who are using Communism, Zionism, race-mixing and the power of Jew money to destroy our nation and race. The Jews managed to have us thrown in jail but, once again with Nazi efficiency, Probationary Trooper Donohue suffered in jail (including a severe beating by Puerto Ricans) until we won our legal point and the right to picket the ADL, as well as anybody else.

A few days before the trial in Emporia, Major Karl Allen invaded the big rally of Martin Luther Coon in Danville, jumped up before the assembled niggers, told them he was Deputy Commander of the American Nazi Party and blasted away at Martin Luther Coon, Communism and race-mixing. Coon slunk down into his seat--beaten--and the niggers were too stunned to say or do anything until Major Allen finished blasting and insulting them and marched out of the hall with Group Leader Peterson.

Two days later, I myself went to Danville (still facing the Emporia charges) and held a press conference announcing our determination to fight

Martin Luther Coon and his filthy gang right down to the ground. The results appear in the clippings from the newspapers we herewith reprint.

*'Force Him To Share Spotlight'*

## Nazi Leader Rockwell Outlines Plan To Counter King In City

"Fanatics can only be stopped by counter-fanatics," declared a self-described fanatic here yesterday.

George Lincoln Rockwell, commander of the International Nazi Party, candidate for President and — in his own opinion —"the next governor of Virginia," blew into town and outlined his plan for stopping Martin Luther King.

At his "command post" on the seventh floor of the Hotel Danville, Rockwell told a press conference he and his "hard core of fanatics" will chase King from Danville "by forcing him to share the spotlight with us."

He said his plan is simply one of countering King's every move with a like attack. "If King speaks, I will make a counter-speech. If he holds a rally, I will hold a counter-rally. If he leads demonstrations, I will lead counter-demonstrations."

And if King doesn't return to Danville, said Rockwell, "we'll pull out an go on about our business."

King, who left here Saturday suffering from a virus and hiccoughs, will return Thursday, according to the latest report from the Danville Christian Progress Association's headquarters.

Rockwell predicted that King's stay will be short if he finds his every move copied by his Nazi adversaries, resulting in credit for the Nazis among the white people.

"If he finds himself building up the Nazi party every time he raises hell, I think he will quit," declared Rockwell.

Rockwell said plans are underway to enter him in the New Hampshire presidential primary as a "Nazi Republican."

He admitted he felt his chances for the presidency were slim "but I've got to start somewhere."

In New Hampshire, he said, "I don't think my chances are too good because the people up there don't understand the Negroes."

He was much more optmistic about his chances of being elected governor. "When I speak," said Rockwell, who makes his headquarters in Arlington, "people turn out by the thousands."

Rockwell said he thinks the present administration in Richmond "is as 'good as any in the country, but it's made up of politicians, and politicians don't understand the problem."

He accused Virginia's leadership with "dilly-dallying with the race issue" and said the people will vote for him when they find out he would "rather die than mix the races."

The lanky, black-haired Rockwell spoke with a corn-cob pipe clenched between his teeth and a frequent gleam in his eye. With him were two of his men —one, like himself, in civilian garb, the other, decked out in uniform and swastika.

Rockwell described as a "joke" an injunction granted by Corporation Court Judge A. M. Aiken last August which prevented the Nazi leader from making "any speech or action which would tend to incite any acts of war and violence of the white race against the Negro race" or vice versa.

Rockwell denied that the injunction caused him to cancel his scheduled speaking appearance here. He said the speech was cancelled because his group was short on funds and 'couldn't get a hall."

A Rockwell aide first was granted use of the city armory, but failed to pay the rental fee prior to an agreed-upon deadline. After the injunction was entered, City Manager T. E. Temple denied the Nazi Party use of any city-owned property while the order was in effect.

The temporary restraining order no longer is in effect. Arguments would have to be heard to make it permanent.

Rockwell said yesterday he will fight the injunction in court, if necessary, to carry out his "counter-attack" against King.

A surprise visitor to the news conference was Police Capt. T. E. Boyd, who assured Rockwell he was there merely to observe. Rockwell, who faces trial Monday in Emporia on a charge of inciting to racial violence, told Boyd he would make certain that anything he did here would be within the law and promised that the police will be posted in advance as to any plans the Nazis have here.

Rockwell said if he is elected governor he will apply the laws of Virginia strenuously against King until "he gets out and doesn't come back."

He had nothing but unkind words for King, whom he referred to as "Martin Luther Coon," a "faker," and "a naked, Red, Bolshevik Communist."

The National Council of Churches, said Rockwell, is "Just as Red as it can be." Lumping together Communists, Negroes and Jews in an alleged conspiracy against the government, Rockwell said there are "about a million people in this country we ought to put into the gas chamber."

He insisted, however that he doesn't hate anybody except Communists and "people who try to force race-mixing. I don't hate niggers any more than I hate monkeys. But they (the Negroes) don't belong out here on the streets with our women. They belong in Africa."

Waving his pipe in the air, Rockwell declared: "Why don't we take this money we are putting into foreign aid to send to countries that hate us, and give it to our Negroes to set up a great country in Africa!"

Rockwell said his Nazi Party in this country has a membership of about 700. He admitted its funds are short and said the reason they did not go to Birmingham was because they couldn't afford it.

"We can come to Danville from Arlington at little expense. I can have 50 to 100 men down here tomorrow if needed."

*An Admitted Fanatic In Action*

An intense George Lincoln Rockwell pushes his point with a jab of his pipe as one of his American Nazi underlings looks on with a stern gaze. The scene was Rockwell's press conference yesterday where he outlined his "counter-punch" plans for stopping Martin Luther King

# *King Shares Platform With Nazi Who Denounces Him As Leader*

A member of the American Nazi Party last night stepped in front of television cameras trained on Dr. Martin Luther King and urged the more than 300 Negroes gathered in High St. Baptist Church to judge King "by the fruit he bears."

The Nazi — he identified himself as Karl Allen, 32, of Arlington — was almost hooted out of the church. At one point the Rev. L. W. Chase, president of the Danville Christian Progressive Association, persuaded the audience to let him out.

Chase had just introduced King as "the living symbol of man's struggle" when Allen strode to the front of the church and stood at the foot of the pulpit as King reached there.

He previously had been sitting at a seat along the aisle midway down the aisle.

Dressed in civilian clothes, he apologized for interrupting but said he had heard previous speakers say they wanted to hear "the other side" and he was there to speak for that "other side."

He then identified himself as deputy commander of the American Nazi Party.

"I'm here to tell you I am opposed to this man (pointing to King) as any man can be . . . . I hold no animosity toward any of you except Dr. King."

He noted that Chase had referred to King as a "symbol" and asked who had made him a symbol.

Pointing to the CBS television cameras and lights, he said King had been made a symbol "by the same gadget you see here in the middle of this holy temple."

Turning again to King, he asked why he had been selected as their leader and charged he attended the Highland Folks School "which was run out of Tennessee" because of its Communist leanings.

Citing the Bible, he said Christ declared, "Judge a tree by the fruit it bears."

Finally, he concluded by urging the Negroes to ask King what in New York keeps him there, why his wife is in the Women Strife for Peace Movement when it has been cited as a Red-tinged organization, and why he signed petitions for the release of Communists from prison but wouldn't sign petitions for the release of Nazis.

Allen gave his own answer to the question about King's New York affiliation. He claimed it was "primraily money" and charged that "Jews in New York" are back

The people of Danville are desperate for fighting leadership and hundreds of citizens gratefully told me they will do their part in smashing King and his Red gang if they carry out their threats to make "another Birmingham" out of Danville. I cannot reveal details, but we have a SMASHING SURPRISE for that ugly black rat, King, in Danville.

With these mounting successes, and the open gratitude of the common people of Virginia: WE CAN WIN THE GOVERNORSHIP IN THE NEXT ELECTION! That sounds unbelievable, but the citizens of Virginia who have seen the cheering thousands at our speeches no longer doubt it.

A Massachusetts patriot has offered financial support for the specific purpose of a major campaign in the New Hampshire presidential primaries. The ADL has already stated that New Hampshire is the most "anti-Semitic" state in America. There are tens of thousands of good White Christian citizens of New Hampshire who will support us in the privacy of a voting booth--even if they feel forced to denounce us publicly.

***Nazi To Run For President***

George Lincoln Rockwell, a former resort resident who heads the American Nazi Party, announced Friday in Boston, Mass., he intends to enter the presidential preference primaries in New Hampshire "to show how many followers I have."

Rockwell flew to Boston and it took a Massachusetts State Police order before any of the cabbies parked outside Logan International Airport would take him and and aide to center city.

WITH A SHOWING OF THOUSANDS OF VOTES FOR "NAZI COMMANDER, GEORGE LINCOLN ROCKWELL" FOR PRESIDENT OF THE UNITED STATES--THE JEWS WILL NO LONGER BE ABLE TO PRETE ND THAT PATRIOTS (anti-Semites) ARE ALL "CRACKPOTS", "LUNATICS" AND A TINY MINORITY OF WICKED, HATE-FILLED AMERICAN "BIGOTS".

OUR CAMPAIGN IN NEW HAMPSHIRE WILL MAKE THE TRUTH ABOUT THE JEWS RESPECTABLE!

Thus, ahead lie the most fantastic and unbelievable victories for our side you can imagine! We can "bloody the nose" and humble Mr. King as he has never had the treatment before, We can openly win the love and support of the masses of Virginia voters --leading to the governorship in 1966. And in New Hampshire, we can make an amazing showing for the presidency! (With Communist-lining nigger, Paul Zuber, also in the New Hampshire race, thousands of citizens will vote for us if only to express their disgust with nigger Zuber!) The mere fact that we are in a serious race for the presidency will put an end to the vile Jewish campaign of lies that we are "lunatics", "on the treadmill to oblivion"-- as the ADL puts it in their latest recerrent obituaries which they produce announcing and analyzing my political "death" about once every year.

In short, with the deadly threat and financial drain of Emporia beaten, and with the upcoming victories in Danville against Martin Luther Coon, and the campaign in New Hampshire in the presidential primaries, the American Nazi Party will move onto the national political scene as a very serious FORCE to be reckoned with by friend and foe.

We are operating in a "vacuum". We have proved our ability to ATTACK--and SURVIVE THEIR UTMOST LEGAL PERSECUTIONS.

Again and again, our young men have proven their HEROISM--morally and physically. Our nation cries out in despair and desperation for just such heroism--and for LEADERSHIP!

In times like these, the people cry out, "God give us men!"

I have commanded tens of thousands of men in the U. S. Navy under all sorts of combat conditions. But never, in almost 20 years in the U. S. Navy, have I known such young men as are now fighting by my side in the desperate battle with Jewish Communism and race-mixing. Although the basic purpose of the ROCKWELL REPORT is political analysis and the presentation of news and interpretations not available elsewhere, I think it appropriate to present to you a sampling of the young heroes who make possible the smashing news reports America keeps reading about the American Nazi Party in spite of the utmost quarantine (censorship) applied by the filthy Jew liars and promoters of Communism and race-mixing.

Here are photographs and short accounts of what some of these men have done for YOU and our White Christian America, by risking their lives,

their health, their liberty and all that is of "fun" and comfort in this world to FIGHT JEW COMMUNISM AND RACE-MIXING:

Some of these men are sleeping on FLOORS! All of them go HUNGRY every day because there are not funds to feed them properly. Most of them have had to stay in jails (and take beatings from niggers) because, unlike Martin Luther Coon's black army, we never have money for bail. We can never afford lawyers and I myself had to beat those charges in Emporia with hostile, court-appointed attorneys, all by myself. At this moment, I have dozens of invitations to speak at colleges and universities across America--but I can't do it because there is no money for travel. Requests for literature, books, records, etc., pour in daily from all over the world and we cannot fill them--no paper and no money for materials.

The ROCKWELL REPORT is hardly the place to point all this out BUT WE ARE TOO DAMNED POOR AT THIS VERY MOMENT TO AFFORD PAPER FOR AN APPEAL AND ALSO FOR THE ROCKWELL REPORT.

We are in our sixth year of GIVING everything good in life (except conscience) to fight for America and the White Race. Most of the "talkers" have been regularly blasting us as "Red agents" and even "Jews" and gathering up enormous sums which go for more paper, rallies and petitions, etc.

WE ARE IN A DAMNED WAR FOR SURVIVAL WHICH HAS BEEN LAUNCHED AGAINST US BY THE MOST EVIL ENEMIES IN THE HISTORY OF HUMANITY! Wars are never won with paper, petitions, prayers or exciting rallies and flag waving.

WARS ARE WON BY MEN, FIGHTING MEN, WHO ARE NOT AFRAID OF RISKING THEIR LIVES, LIBERTIES AND FORTUNES!

The only men in the whole United States of America that I know who are regularly OUT THERE IN COMBAT, going to jail, taking beatings--and BEATING AND HUMBLING THE ENEMIES OF OUR AMERICAN REPUBLIC AND WHITE RACE ARE THE YOUNG MEN SOME OF WHOSE PICTURES AND STORIES APPEAR HERE.

Right now, these young heroes are dug in and fighting for survival at the "Valley Forge" of our times right here in Arlington. They and I will fight as long as we draw breath--barefoot, hungry or whatever.

But with the clear evidence of the magnificent victories and future ahead, I cannot believe that our subscribers and supporters will continue to allow these magnificent and heroic young men to subsist on corn flakes, discarded potatoes, beans, stale bread and the rest of the pitiful fare on which they survive. I cannot believe that any American patriot will be able to enjoy a sumptuous Thanksgiving and Christmas dinner in a warm home and in safety and good cheer--while these brave boys shiver here and are barely able to keep alive.

The function of the ROCKWELL REPORT is political analysis. And the analysis for this very moment shows that there is a clear road ahead to smashing victory for White Christian America if those who know "the score" will go all out to support FIGHTING MEN as well as the eternal pamphlets and rallies of the right wing.

When the moment comes to cross "the Delaware" for the White Race, will the "soldiers" of our Valley Forge be able to make the "attack"?

Usually, I try to supply the political insight in these ROCKWELL REPORTS to our readers.

But, in this case, only the readers themselves can answer that question.

Will White Christian America continue to pour its money into paper and rallies which have gotten us no place in 40 years? Or will there be enough wise and courageous patriots to keep our FIGHTING FORCES ALIVE here at Valley Forge until the approaching moment when we can "cross the Delaware" and, with our hungry and shivering "troops" strike down the arrogant and overwhelming enemy which has America and the White Race by the throat?
